Nate- I am now being told this is a legal buildable lot. Not in the flood plain.

Not a legal buildable lot. According to the records we have access to, this lot was created on October 22, 1979. Any lot created after October 9, 1979 must have a minimum 20 acres, or be a quarter-quarter-quarter split. This lot is neither. He cannot build on this lot unless he can prove it was legally created before 10-9-79 -Mp

So, you are asking if this is a legal buildable lot? And if it's in the flood plain? Then you should say that in your e-mail, I am not a mind reader. ☺
