Hi Nate - I can't believe I didn't have this one permitted!! No excuse, just didn't get it done. Sooooo...

Permit application is attached along with the percolation test. I also attached the D-Sheet.

FYI - the new septic is currently on the property owned by Kevin Christensen who is the father of Lisa Jamison. They are in the process of acquiring more property from Kevin to build a new building on. The survey is finished with property lines staked and will be finalized within the next couple weeks. The new septic will be apart of their property and they do plan to tie the new building into the septic.

The existing system for the Jamison's is failing and they wanted it fixed before winter. We placed it in a area that would allow us tie it into the new building.

Give me a call to let me know what additional information you will need for this one.

Thanks,

Terri Jakoubek
