Hello Matt,

Per our conversation, I would like you respond to this email concerning the existing concrete, half-moon laterals that you are leaving in place.

I would like you to indicate whether or not the lateral you are leaving in place meets current Title 124 construction standards.

If you feel as though these laterals do not meet current Title 124 construction standards, they cannot be used in conjunction with the laterals you recently installed.

If you have any questions, please feel free to call or email.

Best,
