RE: Memo to the file—Onsite Permit Application 8860 West Wittstruck

Received an application for an Onsite System from Master Installer, Scott Weatherhogg. The application was submitted on an NDEE application form rather than the LLCHD application form. Payment in the form of check #7653 for $450 was enclosed with the NDEE application. The application was signed and the check made out to LLCHD.

The applicant, Scott Weatherhogg, was informed by voice mail and email of the application error. The applicant was informed that LLCHD would transfer the application information to the LLCHD form and honor the signed NDEE form and check to LLCHD as proof of intent on the part of the applicant.

Scott,
This email is verification of our phone discussion this morning. As we discussed, the Onsite Wastewater Construction permit that you submitted for 8860 West Wittstruck was submitted to LLCHD using an NDEE form. I have transferred the information on the NDEE form to an LLCHD form and LLCHD will honor your signature on the NDEE form as proof of intent. The check that you submitted (#7653) is correct and made out to LLCHD. It appears the check was made out to NDEE and then changed to LLCHD prior to receipt by LLCHD. I only mention this in the event that our downtown business office flags the corrected check and sends it back to us. I am hopeful that will not be the case. If so, we will deal with that at that time.
As we discussed, the corrected application will be processed using the information indicating an Onsite Waste Water treatment lagoon is to be installed. The lagoon will be designed and sized to serve a 4 bedroom dwelling. If the sizing information changes please notify LLCHD. Also, if the applicant decides to install a septic system in lieu of the lagoon if will be necessary to submit percolation test information. I will send you a current LLCHD application form including A, B, and C sheets in a separate email. You may print copies of these for future use. I would appreciate verification of receipt of this email. Thanks! Doug

Hi Todd and John,

Could you please review 8860 W. Wittstruck – PID 0210400003000 Legal Section 10, T8, R5, Lot 8 relative to the construction of an onsite wastewater treatment system.

Thank you,

Chris Schroeder, MCRP
